June 22, 1998

Dear Russ and Christie,

Amy and I just wanted to thank you for making her 30th Birthday party the best imaginable. Your desire to make the evening special for not only us but for our guests really came through. We had multiple comments from our guests to the effect that it was the "best party ever" and "keep their number for me". All the little extras like the signs and props, your insightful coordination prior to the event, and your ability to "warm" the crowd truly made for a memorable evening. Please feel free to use this letter with your future customers so that they know they will not be disappointed with their decision to go with "Quality Sounds". Thank you again for a great evening!

Yours Truly,

Bill and Amy Yaniero
